3 Using Your Post-paid Mobile Service

3.1 Included Value and Data Allowance

 - (i) **Included Value** which is an allowance (\$) which can be used to pay for Charges (as described in **Clause 3.4** below); and
 - (ii) **Data Allowance** which is an allowance (MB/GB) for data usage while in Australia.
- (b) The amounts of Included Value and Data Allowance depend on Your chosen Offer, which are described in **Schedule 1** to these Service Terms. In relation to tablet devices, only Data Allowance may be available (depending on device compatibility).
- (c) Subject to paragraph (d), any unused Included Value and Data Allowance expires at the end of each Usage Period and does not roll-over.
- (d) If Your chosen Offer includes **Data Bank**, any unused Data Allowance each month will roll-over to your Data Bank and be available for use in subsequent Usage Periods. Unused data on a Data Add-on Pack will also rollover into Your Data Bank. Your Data Bank is capped at 30GB and any excess unused data will be forfeited. Your Data Bank will be forfeited if Your Post-paid Mobile Service is terminated or if You change to an Offer that does not include Data Bank. If You change to a lower value Offer that still includes Data Bank, then effective from the time of the change:
 - (i) Your Data Bank balance will be reset to zero (Your balance immediately prior to the change will be forfeited); and

- (b) You can use the Post-paid Mobile Service within the Mobile Network Coverage Area up to the amount of Included Value and Data Allowance (and Data Bank, if applicable) during the Usage Period. Once You have exceeded Your Included Value limit and/or Data Allowance and exhausted Your Data Bank (if applicable), You will not be able to use the Post-paid Mobile Service until the start of Your next Usage Period, except that You will be able to:
 - (i) make calls to emergency services (000 and 112 numbers);

- (ii) call Customer Care; and
- (iii) receive calls on Your Post-paid Mobile Service, provided you are using a compatible handset device (excluding tablet devices).
- (c) Woolworths may terminate Your use of a feature of the Post-paid Mobile Service You are using if You exceed the relevant Included Value and/or Data Allowance (and Data Bank, if applicable) in Your Account whilst You are using that feature. - (d) You must also have sufficient Included Value and/or Data Allowance (and Data Bank, if applicable) in Your Account to cover the full charges of the particular feature of the Post-paid Mobile Service You are attempting to use. For example, if You do not have sufficient Included Value in Your Account to cover the full charges of making a call Woolworths may not connect that call.

Included Value International Calls are to eligible standard calls to international numbers in select destinations only. You can review the list of eligible numbers and select destinations at <https://mobile.woolworths.com.au/legals.html> which may change from time to time. Any unused allowance expires at the end of each Usage Period and all calls are rounded up to the nearest 60 seconds.

 - (ii) to make calls/SMS to services that are otherwise not included in Your Offer.
- (b) If available, You may purchase Add-on Pack(s) at any time during Your Usage Period. Woolworths will also notify via SMS as You approach Your Included Value or Data Allowance limits of 50%, 85% and 100% and, if Add-on Pack(s) are available for purchase, You will be invited to purchase an Add-on Pack. These SMS will not contain an unsubscribe facility.

- (e) The included value (e.g. \$/GB) of any Add-on Pack can only be used during the Usage Period during which they were purchased. Any unused included values will not roll-over to the next Usage Period.
- (f) If You purchase an Add-on Pack, You will be charged the full amount for an Add-on Pack, even if You only use part of the additional calls or data (as applicable) purchased as part of an Add-on Pack.
- (g) You can only have one Add-on Pack for calls and data usage at any time. If You purchase additional Add-on Packs before You use up the applicable included value (\$/GB) of Your then current Add-on Pack, then any unused included value of that Add-on Pack will expire immediately.
